

SOUTHERN .IML
PATHOLOGY

Quality is in our DNA

Create special folders

Create your own personally defined folders to easily retrieve specific individuals, or results.

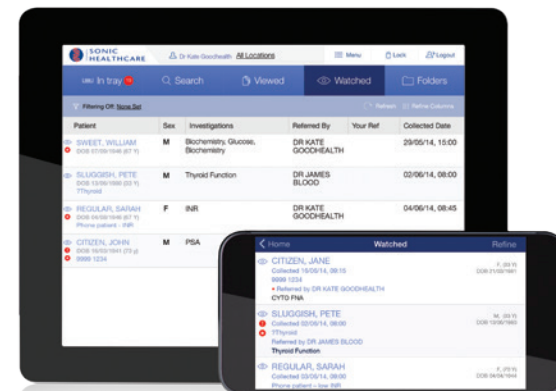

Securely share reports with colleagues or patients

Provide your colleagues with securely transmitted test results. Simply enter their email address, a PIN number and their mobile phone number (optional) into your handheld device. An email will be sent to them with a link to their PDF report, providing secure downloading.

Create a Watched list

Nominate individuals to be added to your Watched list, you can add a brief note why they are being monitored. These will be listed in blue in your in-tray every time their results appear, so they can be easily identified.

Accessing Sonic Dx

Access online

Go to www.sonicdx.com.au

Detail view

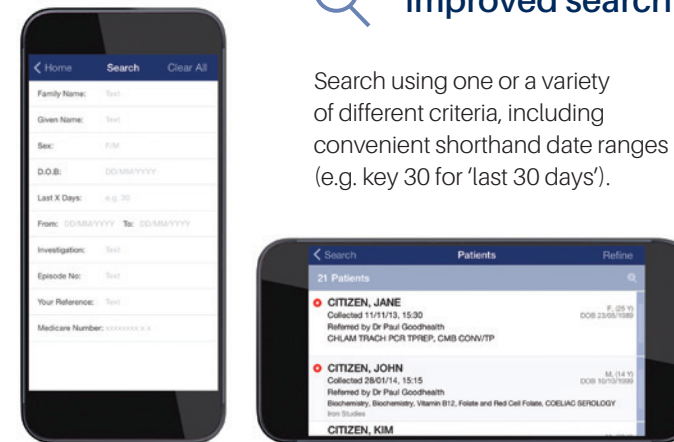

Detailed and easy to read views of an individual's results and status. Click on an entry to see the full pathology report.

Export results to Excel

Export feature will allow you to sort and produce your own reports for presentations and meetings.

Improved search

Search using one or a variety of different criteria, including convenient shorthand date ranges (e.g. key 30 for 'last 30 days').

Quick, secure re-entry to the site

Automatic lock-out after 5 minutes of inaction to protect sensitive data. Simple re-entry via your chosen 4-digit PIN-code (mobile) or password (desktop).

Filter results by location and other options

Instantly filter the patients in your in-tray by changing your location when you arrive at a different site.

You can also filter your results by time, urgency, etc.
